\$500 REWARD
Offered by the manufac-
turers of Dr. Sage's Catarrh
Remedy, for a cure of "Ca-
tarrah in the Head" which
they cannot cure.

SYMPTOMS OF CATARRH—Inflamed, burning, or aching of the nasal mucous membranes; fullness from the head; heat, sometimes profuse, watery, and watery, sometimes thick, tenacious, and watery, or even like a string to the ears, deafness, loss of smell, or difficulty in clearing the throat; irritation of the nose, together with a watery discharge; the voice is hoarse, and has a nasal tone; the breath is offensive; the palate is sore; the tongue is livid; the eyes are watery; there is a sensation of fullness, with mental depression, a loss of even a slight ability. Only a few of these associated symptoms are liable to be present.
Without question half of the above symptoms, real or imaginary, are common and can be cured. A disease so common, may be dependent, or less understood, by physicians.

For its mild, soothing and healing properties,
the Sage Church Remedy carries the word
of Calmer, "Cure in the Head."
